

Scott Willrich

Austin, TX | Phone: (512) 695-2127 | Email: swillrich@gmail.com | LinkedIn: [/scott-willrich](https://www.linkedin.com/in/scott-willrich)
Portfolio: <https://www.scottwillrich.com/> | GitHub: <https://github.com/swillrich5>

After a career in Information Technology Management, I am seeking a position as a Full Stack Web Developer. Recent completion of a HTML/JavaScript/React bootcamp combined with my degree in Computer Science, my recent coding experience, and my experience in IT management gives me the tools to be a valuable asset.

TECHNICAL SKILLS

Languages: JavaScript, CSS3, HTML5, SQL, Python / Flask, PHP, PL/SQL

Applications: GitHub, MongoDB, MySQL, Visual Studio, Oracle, Selenium

Tools: Bootstrap, Node, React, Django, Docker

EXPERIENCE

Software Engineer (February 2023 – Present)

Austin, TX

The University of Texas at Austin

- Oracle APEX, PL/SQL, WebFocus Reports, Python / Flask, Selenium, Red Hat Linux

Software Developer (January 2022 – April 2022)

Austin, TX

The University of Texas at Austin Libraries

- Building and maintaining Python/Django and Islandora / Drupal (PHP) applications to provide access to The University of Texas Library's digital assets.
- Left after four months due to the death of my father, closing out his estate, and caring for my aging stepmother.

Professional Intern (August 2021 – December 2021)

Austin, TX

Texas Advanced Computing Center (TACC)

- Building React / JavaScript front end to interface with Django APIs to provide access to TACC's advanced computing resources.

Director of Information Services (CIO)

Austin, TX

Texas Municipal Retirement System

Key Contributions:

- Led and managed the Software Development, Network Operations, and Records Management departments.
- Directed the Information Systems Manager, Network Operations Manager, and Records Manager in the implementation of the department's strategic plan. Built IT organization from a team of one employee to twenty-five full-time employees.
- Developed and managed the Information Resources' multi-million-dollar budget.
- Shifted 100+ employees to completely remote work over 3/13/2020 – 3/15/2020 weekend.
- Prior to this role, I also served at TMRS as IS Manager, Systems Analyst, and Developer.
